# Message From Chairman

A school is a place where students begin to learn lessons of life. The aim of our school is to help our students to grow fine human beings who are capable to face challenges of present world. In our busy schedule of preparing students for the global market, we often ignore the fact that each child has his own individuality and special skills. We, educators being facilitators should always encourage to each child to develop in their special field of interest. Dear students, it is my message that the people of fine character line by their values. Character creates self respect which in turn creates self esteem. Always remember to uplift the dignity of people. Bring out best in you.

With warm wishes.
